## Announcements

Keleigh planned everything for her pregnancy and delivery. Amazingly, it all played out according to her plan!!

After only one attempt she became pregnant, just 3 months after she gave birth to her couple's first child, John Charles aka John-John!

She had such a good experience with her last delivery that she and her couple wanted to have the same hospital staff assisting them through this birth too. Tina, the best LDR Nurse in the world according to Keleigh, generously offered to be called in and assist in the delivery room.

So on April 19, 1997 everyone gathered together for a "made for TV delivery". The doctor arrived and while he was greeting everyone in the room, Keleigh called out to him, "Hello!, I'm having a baby here!" Then only seconds later Brent Thomas was born. He weighed in at 7lb 5oz and measured 20 1/2 inches long.

Way to go, Keleigh!!!
